

Ai Medical Service, available only through the preferred provider network of the Alabama Blue Cross and Blue Shield of Alabama health plan.

Ai Medical Service is offered to covered members through Ai Medical International, LLC (Ai Med), the premier global ambulance and medical evacuation company. Service is available for ambulance transport to a hospital, a non-emergency, or a non-emergency of the member's choice nearest home if hospital is within 150 miles from home in the U.S. or Canada. If a medically equipped aircraft is required for the member's transport, Ai Medical provides the necessary medical services and a trained medical crew. Mileage is calculated based on the actual distance.

Also available through the Alabama Blue Cross and Blue Shield of Alabama health plan.
