Report from the Chair

Chair Infanger reported that he had received an update from Mr. Shields in which he noted that while work is progressing on a closed captioned policy, Mr. Shields will likely present to the President's Executive Council for approval an interim policy that would require all new classes and/or media that is placed online on or after August 2017 to be closed captioned. Request to Rename Undergraduate Readmissions Committee with Minor Membership Revision

Excerpt from 8-22-16 SGEC minutes: Dr. Lee made a motion and Dr. Carnes seconded the motion to refer the request to newly-appointed Associate Vice President Ron Patterson for (1) input, (2) recommendations on the subcommittee composition, and (3) an assessment of whether it is a FERPA violation for students to serve on the Readmissions Committee with access to other student information/records. Mr. Jennings made a subsequent motion, seconded by Dr. Renfroe, and unanimously approved to postpone action and request the following additional information from the Originator (Ron Patterson): rationale for

the proposed title revision whereby there is a perception that the new title could be confused with other academic appeals (grades, etc.), frequency of meetings and committee member availability relative to handling requests outside the academic year, and FERPA rationale for omission of student members when there is a feeling that students' input on the committee is valuable and that the committee service is useful to the students (possible use of signed confidentiality statements by the student committee members).
