3. The Committee met on the following dates:

8. What were the Committee's actions and accomplishments this year relative to each of the items of the charter?

The committee, organized very effectively in making some very difficult decisions. Given the financial constraints this year, we had to make quite a few cuts to requests. With only \$24 million in funding, everyone on the committee did a great job reviewing the applications and discussing if a request should be approved, or not. There isn't a lot for this committee to do throughout the year, the crux of their work comes during the spring in reviewing all the applications.

8. What were the Committee's formal recommendations?

8. What does the Committee plan to accomplish?

in the coming year?

A. in future years?

8. What are the Committee's weaknesses?
