ANNUAL REPORT

2014-2015

I. Executive Summary

In 2014-2015, the Technologies Advisory Committee (TAC) reviewed the Committee's charge and reporting line and discussed a change to make the Chair of Department of CIS/CS as a voting member by position. The Committee heard progress reports from IT Chief Information Officer about Wifi coverage and business continuity. The committee received a charge from the Faculty Senate concerning the volume of email received by the campus community.

II. The Committee's Charge (from the Shared Governance Document)

1. To serve as an advisory committee in the areas related to technology development, acquisition, and management including: networks, cable television, telephone system, computer laboratories and systems.
2. To gather information on areas related to technology development, acquisition, and management and assess University needs and performance in light of the information obtained
3. To propose changes in areas related to technology development, acquisition, and management including policies, procedures, and products used
